Dear Sirs,

Can we please get this thing settled so that the companies involved can get back to business instead of litigation? I can't believe the amount of tax dollars being spent on this worthless litigation; why does the government insist on prosecuting those that are successful? Yeah, let's tax away, litigate away, any ideas anybody might have of the American dream. Let's make it so costly and painful that nobody does it. That's the way to keep a lot of lawyers and politicians employed, but it does very little for anybody else!
